

EDUCATION

Sreenidhi University B.Tech. - Artificial Intelligence and Machine Learning CGPA: 7.69 / 10	2024 - 2028
SHREE AKSHARA JUNIOR COLLEGE, Hyderabad 12 th TSBIE Percentage: 74.90 / 100	2024
MATRU SRI SCHOOL, Hyderabad 10 th BSET CGPA: 8.80 / 10	2022

INTERNSHIPS

HIMSW(Hyderabad Integrated Municipal Solid Waste) | NGO / Social Services 08 Jul, 2025 - 23 Jul, 2025
N/A

Key Skills: Communication Teamwork Problem Solving Time Management Analytical Skills

"My social internship was conducted at the Greater Hyderabad Municipal Corporation (GHMC) in the solid waste management department. During this internship, I gained practical knowledge of urban waste management systems, including door-to-door waste collection and segregation into categories like plastic, paper, glass, and organic waste. I observed the complete process of waste transportation, compression, and final processing at facilities like Jawahar Nagar. I also learned about the importance of recycling, composting, and sustainable practices for environmental protection. The internship gave me exposure to advanced technologies like conveyor belts and waste filtering systems. I understood the importance of worker safety, including the use of protective equipment and hygiene maintenance. I also interacted with officials and learned about administrative aspects of waste management. Additionally, I became aware of environmental challenges such as microplastic pollution. This experience improved my communication, observation, and teamwork skills. Overall, the internship helped me develop civic responsibility and a deeper understanding of building a clean and sustainable city."

PROJECTS

Event Management System 11 Nov, 2025 - 14 Dec, 2025

Mentor: Dr.Ch.Naveen Kumar Reddy | **Team Size:** 1

Key Skills: Active Learning

Project Link: <https://drive.google.com/file/d/1U-RcT2EoV5cZJ-zcliIvotDq0iWuRq56/view?usp=sharing>

Developed an Event Management System using Java to streamline campus event organization and participation. The application provides a centralized platform for managing events, allowing users to view event details while enabling administrators to add, update, and manage events efficiently. Implemented key features such as user authentication, role-based access control, and event management functionalities using object-oriented programming principles. The system is designed to handle structured data efficiently and demonstrates strong understanding of Java concepts, backend logic, and modular system design.

Simple Library Catalog 22 Nov, 2024 - 18 Jan, 2025

Mentor: MD.Riyazuddin | **Team Size:** 3

Key Skills: Teamwork Team Leadership

Project Link: <https://drive.google.com/file/d/1O9vWukbYDedo4Q4ufxNxL7QRBAEIQTn5/view?usp=sharing>

Developed a menu-driven library catalog system using C++ to manage and organize book records efficiently. Implemented features to store, display, and search book details such as title, author, and category using arrays/structures. Designed a simple and user-friendly interface for easy navigation and interaction. Applied core programming concepts including functions, conditional statements, and loops to ensure smooth functionality. Focused on structured code design, data handling, and basic memory management using static allocation. Debugged logical errors and improved program reliability through testing.

Simple Forum Page 22 Nov, 2024 - 18 Jan, 2025

Mentor: Dr.Vikas & Mr. Saikrishna | **Team Size:** 3

Key Skills: Teamwork Team Leadership

Project Link: https://drive.google.com/file/d/1Z5_-q8P_8vP_mMmcroxm96ncXXrPI4wM/view?usp=sharing

Designed and developed a responsive form-based web page using HTML and CSS. Created a clean and user-friendly interface with properly labeled input fields such as name, email, and password. Implemented basic form validation using HTML attributes to ensure

accurate user input. Applied CSS styling techniques for layout, spacing, colors, and responsiveness across different screen sizes using media queries. Focused on usability, readability, and simple navigation to enhance user experience. Gained hands-on experience in front-end development, UI design principles, and responsive web design.

SEMINARS / TRAININGS / WORKSHOPS

Forge Inspira 2026 Institute Name: IIT HYDERABAD27 Mar, 2026 - 29 Mar, 2026

Participated in ForgeInspira 2026 held at Indian Institute of Technology Hyderabad.
Worked on real-world problem statements, applying theoretical knowledge to practical scenarios.
Collaborated with peers to design and develop innovative solutions.
Gained hands-on experience with tools such as Bright Data and Google Cloud.
Strengthened problem-solving, teamwork, and technical implementation skills.
