PROJECTS

VEHICLE RENTAL SYSTEM

The Vehicle Rental System is an online platform that allows users to easily rent vehicles such as cars or bikes through a website. The system provides a convenient way for customers to search for available vehicles, view details like price and availability, and book them for a specific period. Users can register or log in to the website, select their preferred vehicle, and make a booking quickly. The platform also helps manage rental information such as booking details, customer information, and vehicle availability.

TIC-TAC-TOE GAME

A simple and interactive Tic Tac Toe game website built using HTML, CSS, and JavaScript. It allows two players to play on a 3x3 grid with real-time win and draw detection. The game includes a reset option, responsive design for mobile and desktop, and a clean user-friendly interface.
